Leelee Liang:

- Sent out the initial email
- Coordinated to make sure members are connected to the git repo and read the email
- Researched Journal apps for ideas

Elizabeth Jordan:

- Wrote half of the project description
- Submitted the milestone
- Hosted the initial meeting

Jeremy Ford:

- Wrote half of the project description
- Distributed tasks between each member
- Created the initial git repository

Daniel Petruso:

- Completed the storyboard alone

Every team member contributed to the project spontaneously and fulfilled their responsibility.
